Notice to Residents
Commencement of Construction
Washington Street Redesign Project

Kindly be advised that on January 23, 2017, Underground Utilities Corporation will begin Construction for the City of Hoboken, Washington Street Redesign Project. Please note that receipt of this notice signifies that you are within an area scheduled to receive construction Improvements. We would respectfully indicate that during this time, residents within the affected area, may experience minor delays in entering and exiting the streets walkways and driveways which may be affected during the construction process. We apologize for this inconvenience.

Parking will be prohibited within the construction Zone and Notices will be posted throughout the affected areas during the construction process. This is for your safety. Please be mindful of the working hours as specified within these notices. We will do everything possible to accommodate you and a supervisor will be onsite to provide you with any further information you may require.

Remember that these construction improvements have been implemented to provide the residents, businesses and visitors, of Hoboken with the latest upgrades in utilities, drainage, communication, safety and traffic standards. Through the installation of a new watermain and service connections the water quality in the city will be greatly improved. We would appreciate your patience and understanding and would ask for your continued support throughout this endeavor.

For regularly updated construction information or to sign up to receive updates via email, visit www.washingtonstreetproject.com.

Should you have any questions, comments or concerns please contact this office at your earliest convenience. Your safety is our main priority.

Very truly yours,

Thomas Corcoran
